SKILLS SUMMARY

- **Languages:** Python, Java, JavaScript, TypeScript, SQL, NOSQL
- **Agentic AI & Frameworks:** LangGraph, LangChain, Google ADK, AWS Strands SDK, MCP, pgvector
- **Cloud & Infrastructure:** Google Cloud Platform (Cloud Run, Vertex AI), AWS, Docker
- **Web & Backend:** FastAPI, React, Flask, Angular, Playwright
- **Core Concepts:** Multi-Agent Orchestration, RAG, Agent-as-a-Judge, OOP, DSA, CI/CD

EXPERIENCE

- **HashedIn by Deloitte** Bengaluru, KA
Software Development Engineer Sept. 2024 – Present
 - **Full-Stack Platform Development:** Architected and developed a full-stack payroll automation platform using React, FastAPI, and PostgreSQL, streamlining vendor payroll processing workflows and significantly reducing manual operational effort.
 - **Multi-Agent AI Systems:** Built and deployed production-grade multi-agent systems using LangGraph, LangChain, and Google ADK to automate regulatory research and compliance analysis, generating confidence-scored recommendations and structured business documents.
 - **Cloud-Native Deployments:** Deployed and managed AI workloads on GCP Cloud Run and Vertex AI Agent Engine, enabling scalable execution of agent workflows, API integrations, and enterprise data processing pipelines.
 - **Knowledge Retrieval Systems:** Engineered Retrieval-Augmented Generation (RAG) pipelines integrating enterprise knowledge sources, web search, and MCP-based tools, improving response accuracy and reducing manual research effort for business users.
 - **Observability and Human-in-the-Loop Workflows:** Built React-based dashboards for workflow monitoring, agent observability, and human approval processes, providing transparency, auditability, and operational control for AI-driven systems.
 - **Cross-Functional Ownership:** Collaborated with product managers, stakeholders, and engineering teams to translate business requirements into scalable software solutions, owning the complete lifecycle from design and development to deployment and support.
- **HashedIn by Deloitte** Bengaluru, KA
Trainee Engineer June 2024 – Sept. 2024
 - **Software Development Lifecycle:** Contributed to the design, development, testing, and deployment of enterprise applications, working across frontend, backend, and cloud components within Agile teams.
 - **Frontend and Backend Development:** Built reusable frontend components using Angular and TypeScript while contributing to backend feature development, accelerating sprint delivery and improving code maintainability.
 - **Cloud and GenAI Exposure:** Worked on cloud-native and GenAI-driven solutions, gaining hands-on experience with modern software engineering practices, API integrations, and deployment workflows.

PROJECTS

- **AI Codebase Analysis Agent:** Architected a full-stack portal to ingest GitHub repositories and execute a LangGraph multi-agent workflow. Engineered dynamic routing to generate tailored markdown/PDF architecture reports, reducing manual code review time by 40%.
Tech: React, FastAPI, LangGraph, Python, Mermaid.js
- **Autonomous Multi-Agent Workflow Orchestrator:** Developed a “Planner-Executor” workflow system performing external API and database write operations. Built a React observability dashboard for real-time Chain of Thought visualization and Human-in-the-Loop approvals.
Tech: Python, FastAPI, React, LangGraph, GCP
- **AI Product Recommender Agent for Shopify:** Built an AI chatbot for Shopify storefronts orchestrating conversational logic via Google ADK and Gemini API. Integrated GraphQL endpoints for dynamic product retrieval, increasing recommendation engagement by 35%.
Tech: Google ADK, Gemini API, Shopify Theme Extensions, GraphQL, Liquid

CERTIFICATIONS

- Build with Vertex AI Technical Expert Badge - <https://shorturl.at/2OJi9>
- Google Cloud Certified Professional Cloud Architect - <https://shorturl.at/29QBc>
- Oracle certified AI Foundations Associate - <https://shorturl.at/efW9k>

EDUCATION

- **V.S.B Engineering College** Karur, TN
B.E., Computer Science and Engineering; Percentage: 87% Aug. 2020 – May 2024
- **R.N Matric Higher Secondary School** Karur, TN
HSC; Percentage: 85% June 2018 – April 2020
